Today is the International Day of Education. 1224 days since Afghan teenage girls were barred from school and 764 days since Afghan women were shut out of universities by Taliban. This injustice must end.

With your support A-AWA has renewed the sponsorship of two kids with Kindness sharing program to continue school and prevent child labor. We are also expanding our education fund program in Afghanistan that has enabled at least 10 students continue their education in medical field through private institutions in Afghanistan. Since 2021, A-AWA has collected and distributed over \$300k to help Afghan women and their families inside Afghanistan.

We are excited to share our Save the Date flyer for our 2025 Annual Event Gala. Stay tuned for our next newsletter to hear about the spectacular night!
